

REPORT

Sales Performance Report — Q1 FY2026-27

Period: Apr–Jun 2026 | Prepared By: Sales Analytics & MIS | Classification: Internal — Management Use

1. Executive Summary

Q1 FY2026-27 net sales grew 9.1% YoY to Rs. 3,842 crore, with the Foods segment outpacing overall growth at 13.7%. Direct distribution reach expanded to 2.9 million outlets, up from 2.7 million in the prior-year quarter, driven by continued rural expansion.

2. Region-wise Sales Performance

| Region        | Q1 FY26-27 (Rs. Cr) | YoY Growth | Direct Reach (Outlets) |
|---------------|---------------------|------------|------------------------|
| North         | 980                 | +8.2%      | 690,000                |
| South         | 1,050               | +7.6%      | 740,000                |
| West          | 1,120               | +9.8%      | 810,000                |
| East          | 512                 | +11.4%     | 460,000                |
| International | 180                 | +9.1%      | —                      |

3. Category-wise Sales

| Category                         | Q1 FY26-27 (Rs. Cr) | YoY Growth |
|----------------------------------|---------------------|------------|
| Tea                              | 1,340               | +6.8%      |
| Coffee                           | 592                 | +11.2%     |
| Salt & Spices                    | 610                 | +3.4%      |
| Ready-to-Eat & Breakfast Cereals | 740                 | +15.1%     |
| Ready-to-Drink Beverages         | 380                 | +12.6%     |

4. Top Performing SKUs

- Premium Assam Tea 1kg pack — highest volume growth in the Tea portfolio (+18% YoY) on the back of a refreshed pack design.
- Instant Coffee Premix sachets — strong double-digit growth driven by expansion into Tier-2/3 modern trade.
- Ready-to-Eat breakfast range — new SKU launches contributed 4 percentage points of segment growth.

5. Market Share Commentary

SCPL retained its #1 position in branded tea by volume in India, with market share broadly stable at ~20%. Coffee market share improved by approximately 80 bps aided by premix category expansion.

6. Outlook

The Sales team will prioritise continued direct-reach expansion in the East region, deeper penetration of the Ready-to-Eat portfolio in modern trade and e-commerce, and festive-season readiness across all regions ahead of Q2/Q3.
